Well-Known Ogden Educator Writes Patriotic Letter to American Committee.

Stands With Other Friends of Utah in Labor to Bring About Normal Conditions in State.

Prof. Frank R. Christensen of Ogden one of Utah's foremost educators and a man of the highest personal integrity, has been tendered and has accepted the nomnation for Superintendent of Public Instruction made vacant by the withdrawal of Prof. I. N. Smith of Logan. His name will be printed on the American State ticket. The correspondence on this subject, which follows, will be found of much interest:

Committee's Offer.

SALT LAKE CITY, Oct 17, 1904—Prof. Frank R. Christensen, Ogden, Utahi—Dear Sir.—The withdrawal from the American party ticket of Prof. Isaac N. Smith of Logan, who had been nominated as State Superintendent of Public Instruction, leaves a vacancy in that important place. Entertaining the highest respect for your qualifications as an educator, and feeling complete confidence in your partiolic love for Utah, the State central committee of the American party, pursuant to authority vested in the committee by the State convention, tenders to you the nomination for Superintendent of Public Instruction on the ticket of the American Party of Utah. In making this tender to you the committee realizes that it can offer to you no assurance of election, but merely the opportunity for you to make a personal sacrifice for the public weal. Your prompt answer will be greatly appreciated.

By order of the State central committee. By order of the State central commit-ce. P. J. DALY. Secretary.

Prof. Christensen's Acceptance.

Prof. Christensen's Acceptance.

OGDEN, Utah, Get. 17, 1894.—Hon. P. J. Daly. Secretary State Central Committee American Party of Utah.—Sir —Referring to your communication of this date, tendering to me the nomination on the American party ticket for State Superintendent of Public Instruction, I have the honor to reply: The cause for which the American party is laboring in Utah is, as I believe, the cause of the people. Deplorable as it may seem, it is a necessary controversy. I am no stranger to the sentiments which your party has avowed, and have had experiences in a modest way, which have emphasized to my mind the need of a party which shall devote itself with intense patriotism to the elimination of conditions in this State that are a bar to its progress in the sovereign sisterhood. As I understand it, the American party only demands that the pledges made to the Nation shall be kept. I belong to the Mormon church and have faith in its teachings as given by its revelators and as accepted by the church, and I would not recede from my faith for any mere political consideration nor for any other eartily cause now known to me. I neither wish to antagonize the Mormon people. My sincere hope is to aid in vindicating their sincertity and to establish their rights as individuals. Upon that platform I can stand and with that object in view I accept the nomination, realizing that we are not striving for mere victory at the polls, but seeking to make earnest protest in order that honorable victory at the polls in Utah may at some time be irrevocably established.

To that end I consecute myself a member of the American party. Sincerely yours. FRANK R. CERISTENSEN. FRANK R. CHRISTENSEN.

Bishop Thomas C. Callister of Fillmore, Millard county, who is County Clerk and candidate for joint Senator from Millard and Juab counties, appears to be one of the Mormons who takes no chances in politics without the sanction of the church.

It will be remembered that the charge was made last summer that Senator Smoot's personal representatives, Private Secretary Carl Badger and Postmaster Clove, were busy with church influence in the legislative contests in southern Utah. Especially was this true in Millard and Sanpete counties, where the church candidates defeated those believed to favor the re-election of Senator Kearns.

Bishop Thomas C. Callister was a beneficiary of the church agents' work and was nominated.

On October 2, 180, he made the following announcement to the public through the Clear Lake Review, which confirms the charge that the bishop does not take part in politics without the approval of his superiors. Here, is what he said four years ago:

Edward O. Howard, assistant cashler of Walker Bros, bank, is home from a five weeks trip to the East. "The Presidential campaign has aroused but small interest in the East up to the present, said Mr. Howard. "One would hardly believe that an important election is as close at hand. In New York there is a larger display of Parker banners and olctures than of Roosevelt. But it Apathy Notable muss ne remembered in great Democratic city. The business men with whom I talked expressed confidence that New York State will give the Roosevelt electors a substantial majority over Parker; but there is a strong probability that the Democratic candidate for Governor, Herrick, will defeat Odeil's candidate. Some of the big papers support Roosevelt and denounce the Odeil machine candidate, Betting odds are on Roosevelt and Herrick."

Mr. Howard called on President Roosevelt at the White House and had a chat of several minutes with the President on the political situation in Utah. Mr. Howard says the President is very much interested in the politics of this State, and inquired particularly as to the probable effect of the American party vote on the national electors. "I assured him," said Mr. Howard, "that it is my best judgment that the State will give the Republican electors a big majority, and that the vote of the new party will not materially alter the result so far as the Fresidential campaign is concerned."

Senator Reed Smoot's effort to be a sert

Senator Reed Smoot's effort to be a sort of a "Boss Platt" for the State of Utah is likely to receive a severe jolt on November 8, if half the reports of Mormon dissatiafaction are true. In the first place, it is very generally admitted that if Reed Smoot were not an Smoot were not an Opposed to Smoot. Since Therefore, his fambition to conirol the Republican party and use it to the furthering of his own interests and the interests of a handful of his satellites, has brought on so much

There is reason to believe that the word is being passed account.

There is reason to believe that the word is being passed around to vote against Cutler and Howell in order to rebuke Smoot. And the justness of the movement will appeal to every fair-minded voter who desires to bring about peace in Utah. As long as Reed Smoot can use the weaker members of the Mormon church o build up a political machine, there will be trouble for the Republican party locally and for the Mormon church generally, smoot cannot succeed without involving its people as churchmen in the political trolls. He has had the church in hot vater since he set out to be one of the ounselors of the Nation. There has not been a day's peace for his people nor for he State, weeker an authors a dis-

They will not support Cutler, Howell Emery, Eldredge and the Smoot-ized legislative ticket, because these can-didates are the personal representatives of Reed Smoot. The pressure is already being applied to many members of the Mormon church. The bishops and teachers, many of them, are already at work. One bishop, a Democrat, was helping to register Republicans last week. There is doubtless an organization in the Applying the press purpose of correling Mormons. Pressure.

They know that only a select few are benefited. They will vote to administer to the dictator a rebuke. And they are daily learning that the only way to do this is to vote against the candidates whom Reed Smoot personally indorses.

"If it does not and you will teil me where Smootism ends and Republicanism begins, I'll agree to support your ticket." was an apt rejoinder.

The fact is that under present conditions in Utah the Republican party and Reed Smoot's political organization are one and the same. If Smoot Anderson Spry, Callister, Eldredge and others of the inner circle are not the real and only

Strictly Confidential. MORMONTON, Utah, October 16.-Dear rother Penrose (Apostle and Editor of the Descret News) :- There's nothing too good for the righteous I have been chosen of the Lord and set apart to bring erring Mormon Democrats into the fold again.

When I made my kick to you I thought was about to take a slide on the tobogan, but I was mistaken and I now republiate any insinuations of that sort and renew my allegiance to the church as the spiritual, financial, commercial, political and matrimonial autocrat of Utah, and low in humble submission in all matters of faith and discipline—as long as I am delared in on the graft. A Hay Fever sufferer writes: "I have been a sufferer from Hay Fever for over 20 years, and it seemed harder every year. The first night I used your Asthma Cure I was greatly relieved. It cured my cough after using a few times. I shall recommend it to all sufferers of Hay Fever." Mrs. Martha Simerson. Laingsburg, Mich. Sold by all druggists at 50c and \$1.00. such liquor in his day, there is no telling what visions he might have seen.

By the way, my No. 5 tells me that your No 3 told her that you have been having the cold chills ever since Brother Spry dropped the hint about corraling the Mormon Democrats for Brother Cut-ler.

Well, it is unfortunate that you were set apart for a Mormon Democrat when the split was made. I don't blame you for setting more or less addied. I don't know of anything worse, unless it is being a Mormon Republican and ordered to vote for Smootle—I mean Cutler.

A Regular Predicament.

A Regular Predicament.

Democrats have a right to get indignant, but what can a Mormon Republican do?

I know what I'm going to do, but don't you say anything about it.

Your No. 3 is a bright woman. She says she has had her eye on both of us ever since we began to call on Edder Toot's twins. But she says nothing can happen to us now, since the manifesto, because neither of us can raise enough money to go to Mexico.

I shall pray that the holy spirit shall rest upon you, that your eyes shall be opened to see, your ears to hear, and your head to comprehend your duty to the church and Brother Cutter. If you don't, may you be able to dodge Brother Smoot until after election.

Of course, it will grind you, but what's the use of being a Mormon if you don't do as you are told?

If you could vote as you please, you wouldn't be any better than the lowliest member of the American party. Get off your perch and join the procession, in the fear of the Lord.

If you don't, you'll get it in the neck. Your old pal in polygamy and true brother in the gospel.
